**Please note :** The policy of Tri-State Stone is **Curb Delivery Only.** Requests for other types of delivery will be handled on a case by case basis, and, if we cannot fulfill your request, you must be able to take delivery at the curb or you will be responsible for the delivery charges. **This includes requests for alley delivery.** Remember that issues beyond our control, such as parked cars, overhanging limbs or utility wires, actual size or layout of street or alley, are just that – beyond our control. Our drivers are professionals and will do their best to fulfill your delivery requests, but the final decision, for reasons of safety, is up to the driver. You will be requested to sign a release of liability for us to travel beyond the curb. **Consignee assumes all responsibility for any and all damages if delivery beyond the curb is requested. Decision to proceed beyond normal curb delivery is at the sole discretion of Tri-State Stone & Building Supply, Inc. and/or its agent(s).**

\* \* \* \* \*

**Pallet deposit (flagstone, block, pre-mix cement products products) -\$20.00 - refundable if returned in good condition and if accompanied by receipt. We do not pick up pallets.**

\* \* \* \* \*

**Stone that is on pallets is priced assuming the purchase of the entire pallet. Some products are available in quantities less than a full pallet, but at a higher unit price.**

**Basic conversions:**

- ◆ **Aggregates:** Approximately 100 square feet, 2” thick – if your aggregate is bigger than 2”, you must adjust accordingly. **All aggregates contain varying degrees of fine material, including dirt. This is how it is sold to us and how we sell it to you.** Super Saks contain approximately 1.5 tons.
- ◆ **Stacking wall stone:** Will build a wall approximately 30’ long, 1’ high per 1.5 ton pallet. Note: Some pallets contain less than 1.5 tons.
- ◆ **Irregular flagstone:** Approximately 150 square feet per ton (1” average) – 100 square feet per ton (1.5” average). Note: Coverage will vary according to the amount of trimming/shaping or the density of the material.
